

# Bike Rack Operating Instructions

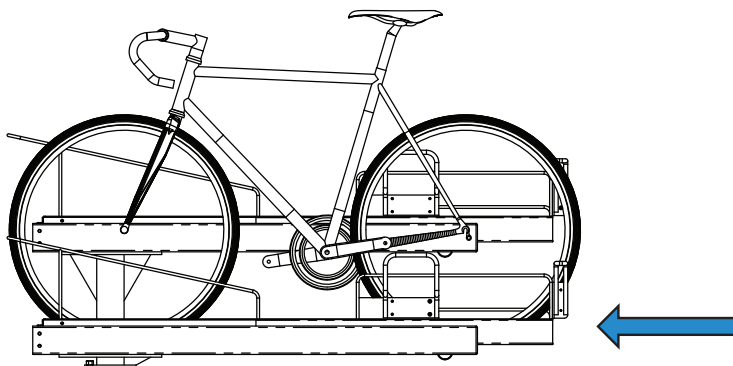

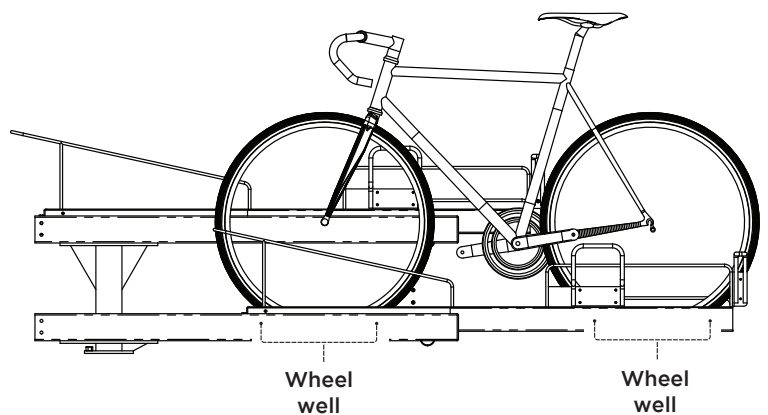

## Cora Bike Rack - E3GT Rack Series

### Operating Instruction - Pull out bottom rack

**1** Pull bottom rack out using handle on end of either **E3GT-L** or **E3GT-H**

**2** Place bike within the wheel wells. Front wheel in first. Secure bike to rack using personal locking device. For security reasons CORA recommends the lock passes through the bike frame.

**3** Push the rack back in to its original position.
